SUMMARY

Full Stack Developer with 3 years of experience building production-grade web and mobile applications using **React.js**, **Next.js**, **React Native (Expo)**, **Node.js**, **TypeScript**, and **Laravel**. Specialized in **architecture design**, real-time systems WebSockets/Socket.io, secure payment integrations, and cloud deployments via CI/CD pipelines on AWS. Proven track record of reducing API response times by 30% and boosting page load speeds by 35% on live platforms.

SKILLS

- **Languages:** JavaScript (ES6+), TypeScript, PHP, SQL, HTML5, CSS3
- **Frontend:** React.js, Next.js, React Native (Expo), Redux, Zustand, Context API, Tailwind CSS, Responsive & Mobile-First Web Design
- **Backend & API:** Node.js, Express.js, Laravel, REST API Design, JWT Authentication, WebSockets, Socket.io
- **Databases & Caching:** MySQL, MongoDB, Redis
- **Cloud, DevOps & Tools:** AWS (EC2, S3), CI/CD Pipelines, Git, GitHub, Postman, Figma
- **Core Concepts:** Frontend System Design, Web Performance Optimization, Component-Driven Architecture, Cross-Browser Compatibility, Agile/Scrum, Code Review

EXPERIENCE

Full Stack Developer | ENATS technology LLP, Mumbai Oct 2023 - Present

Djobzy Global Job Portal & Gig Marketplace (Web Platform) | Link: djobzy.com

- **Developed and enhanced** a production-scale global job portal and gig marketplace using React.js, Laravel, and MySQL, supporting dual-role workflows for employers and job seekers.
- **Built** dual-role dashboards, real-time chat using **Pusher** and **Laravel Echo**, and secure escrow-based payment workflows.
- **Integrated** third-party **AI recommendation APIs** into the backend to improve user engagement and platform traffic.
- **Optimized** MySQL query performance through composite indexing and N+1 query elimination, reducing average API response times by **30%** on high-traffic endpoints.
- Delivered production-ready features across **6+ Agile sprints** by participating in code reviews, testing, and collaborative QA practices.

Bonito - Interior Design Platform | Link: bonito.in

- **Optimized** core customer-facing pages using **PHP**, **JavaScript**, and **Bootstrap**, boosting load speeds by **35%** with full cross-browser support.
- **Built** robust **REST APIs** and CMS backend integrations for scalable asset management and secure data delivery.
- **Resolved 20+** critical UI/UX bottlenecks and engineered **mobile-first** responsive layouts using **CSS Grid** and **Flexbox**.
- **Slashed codebase defects by 40%** through systematic peer code reviews and strict Git version control.

KEY PROJECTS

Djobzy Mobile Application | *Client Project* | Link: <https://play.google.com/store/apps/details?id=com.djobzy.www> (Early Access)

- **Led** full-stack mobile development using **React Native (Expo)** and **Laravel** — translating Figma wireframes into production-ready cross-platform UI, REST API design, and backend architecture with **Laravel Sanctum** authentication.
- **Built** integrated real-time chat and **Push Notification** service managing user-alert lifecycles for messaging and job updates.
- **Implemented Zustand** for global state management across the app, ensuring clean and predictable UI state handling.
- **Tech Stack:** React Native (Expo), Laravel, MySQL, Laravel Sanctum, Zustand, Figma, REST APIs, Git

TalkStream - Real-Time Chat System | *Personal Project* | Link: <https://talkstream-realtime.vercel.app>

- **Built** a full-stack real-time messaging application using the **MERN stack**, **TypeScript**, and **Socket.IO**.
- **Implemented** private one-to-one conversations with **real-time messaging**, **typing indicators**, **online presence**, and **delivery/seen status**.
- **Optimized** chat performance using **lazy loading**, **MongoDB query optimization**, and **text-search indexing**.
- **Integrated JWT authentication**, **media/file uploads**, **REST APIs**, and **Cloudinary** for a complete messaging experience.
- **Tech Stack:** MongoDB, Express.js, React.js, Node.js (MERN), TypeScript, Socket.io, Tailwind CSS, JavaScript (ES6+).

EDUCATION

Hinduja College, University of Mumbai Mumbai, India
Bachelor of Computer Science (Information Technology), GPA: 9.2 August 2020 - May 2023
